## **Introduction**

Welcome to your astrology compatibility report.

This report is based on the astrology technique of Synastry, which compares the horoscopes of two people and interprets the correlations between them.

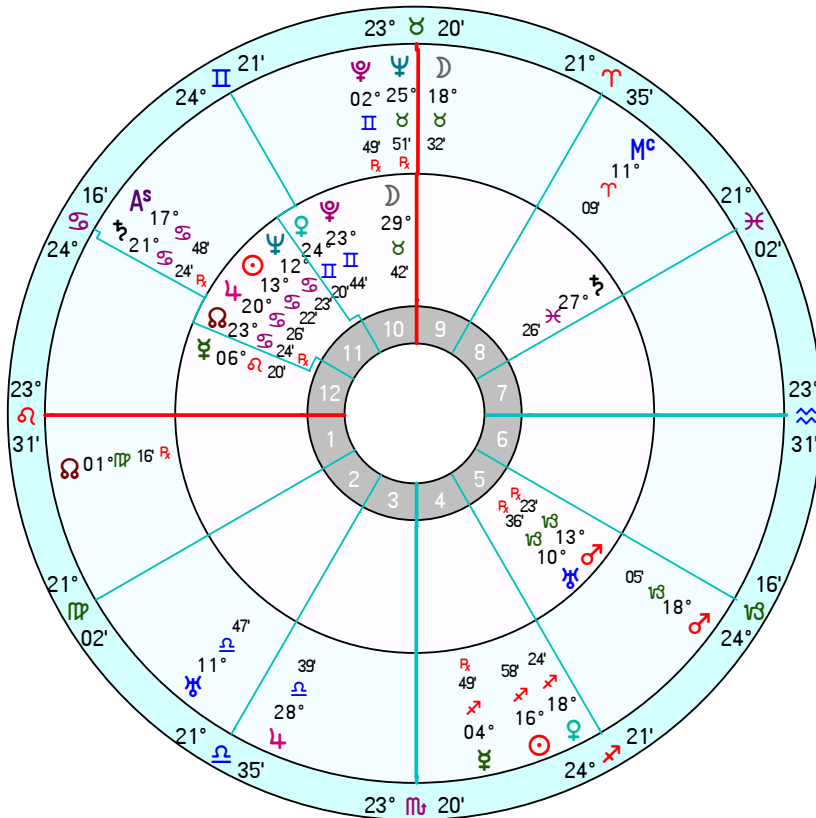

The first part of the report analyses the mix of Qualities and Elements between you to give a general indication of your modes of behaviour.

The second part looks at the placements of each other's planets in one another's natal houses. This indicates how you influence each other in the areas of life represented by the houses occupied by one another's planets.

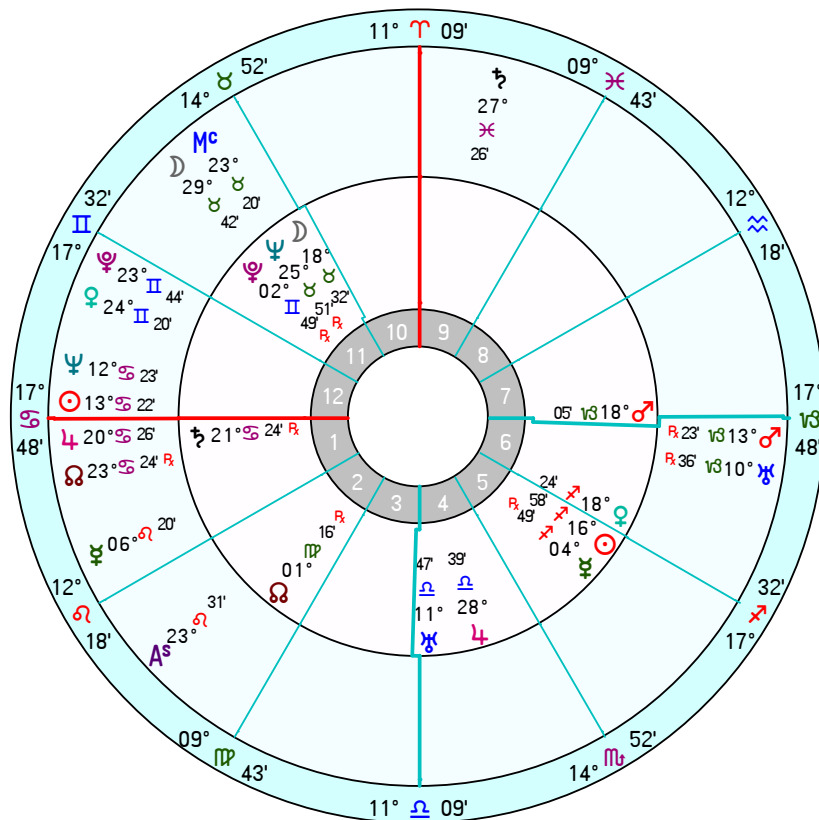

The third part interprets the inter-aspects between your two charts. This shows how you relate to each other. Some of these interpretations are positive and easy and others are challenging.

Your Synastry report reveals your areas of harmony and compatibility as well as your areas of tension and conflict. Hold in mind that human relationships are complex and contradictions can occur in the interpretation.

## Qualities and Elements

### **Frida's strongest Quality is Cardinal and Diego's strongest Quality is Cardinal**

Relationships between Cardinal personalities are dynamic and action orientated. Both of you have your own ideas about what can and needs to be done. As a pair you can achieve a lot together; however there will be struggles for dominance in the relationship. In this pairing we have the modern day 'power couple'.

### **Frida's strongest Element is Water and Diego's strongest Element is Fire**

Relationships between Fire and Water personalities are not easy. Diego can bring Frida to boiling point and Frida, in turn, can throw a wet towel on his enthusiasm. Both of you have strong emotions, but each fails to comprehend the other's emotional nature. Diego can hurt Frida by being insensitive and Frida, in turn, can mystify him with her apparent lack of worldly ambition.

# Frida's Houses

## Diego's Planets in Frida's Houses

### **His Sun is in your 4th House**

Home is where the heart is. Living together is important to him. Diego makes his presence felt around the house and may take the lead in family affairs and decisions. He is house-proud and likes to make sure that your home is always presentable.

### **His Moon is in your 9th House**

You may start questioning your understanding of the world because of Diego. Through him you realise that your outlooks and your family's beliefs have their place, but other viewpoints are just as valid. You discover that without religious and philosophical tolerance, personal and social relationships have little hope of survival.

### **His Mercury is in your 4th House**

Home and family matters come up a lot in your conversations with Diego. Subjects of discussion range from what is going on with your family members to things that need doing around the house. You feel relaxed in his company and talking about the old days is easy. He may have knowledge about real-estate and property.

### **His Venus is in your 4th House**

Intimate candlelight dinners at home can be a real pleasure for you both. You enjoy being at home and are at your happiest when you're involved in beautifying or improving the value of your property. Building a nest together is important to you.

### **His Mars is in your 5th House**

Here is someone who you can be adventurous with in love. He knows how to push your romantic buttons - and let's be honest - turn you on. You feel alive when you are together. Often, all you want to do is have fun and play. This is one love affair that will make an impact on you. However, be warned, there is the potential for being scarred if things go wrong - and they can.

### **His Jupiter is in your 3rd House**

The communication between you is good and easy. You understand one another well and have little trouble explaining your ideas to each other. He has a positive influence on the way you think and look at life. He could act as a teacher to you, or conversely be your willing student. Your relatives tend to like him, which is a good sign that he fits right in with your way of life.

### **His Saturn is in your 11th House**

Your friends may not be his friends. Either he doesn't like or respect them or they don't much care for him. Socialising together may be difficult, because you don't tend to enjoy the same things. Take care that he doesn't take away your sense of fun and humour.

### **His Uranus is in your 2nd House**

Get used to the idea of instability in your financial life with Diego around. His attitude towards money may give you reason for concern, particularly if you are a security-conscious sort of person. He is unlikely to place the same value on possessions or wealth as you and may have off-beat or unusual ways of earning a living.

### **His Neptune is in your 10th House**

Diego has the ability to make you question your path in life and wonder just how real or meaningful it actually is. He can open you up to other realities and encourage you to imagine endless possibilities. This can be a good thing; however if you are the sort of person that requires certainties and professional security you might find life with him confusing and chaotic.

### **His Pluto is in your 10th House**

Through Diego's influence you could change your direction in life quite dramatically. You may feel compelled to quit your job or change your career. He is a very persuasive individual who has an uncanny ability to assess what is happening in your life. He seems to know what works for you better than you do yourself - liken him to a manager or agent. Negatively, he could try to control how you live your life.

### **His Moon's North Node is in your 1st House**

Through his ideas and actions he teaches you how to be yourself and to recognise what's important in life.

### **His Ascendant is in your 11th House**

In Diego you know you have a personal friend. He is someone who will be there for you when you need him.

### **His Midheaven is in your 8th House**

He wants to be able to share everything with you; it is one of his highest aspirations to be with someone who holds similar material goals as he does.

## Diego's Houses

### Frida's Planets in Diego's Houses

#### **Her Sun is in your 12th House**

One of the reasons Frida is in your life is because she has a way of illuminating your vulnerabilities and fears. This is a good thing; because with her help you can see them for what they really are and deal with them. All it takes is a single candle to disperse the darkness.

#### **Her Moon is in your 11th House**

Here is someone who you can get close to and call a friend. She instinctively tunes into your needs and enjoys spending time with you. Quite possibly, you met each other in a social setting or through a mutual friend. She readily supports your ambitions and goals in life.

#### **Her Mercury is in your 1st House**

You can't help being drawn to Frida's intelligence and influenced by her ideas and words. This can be a good or bad thing, depending on the effect they have on you. There is a lot of mental stimulation and badinage between you.

#### **Her Venus is in your 12th House**

With love and tolerance, she enables you to feel okay about your insecurities and fears. She has a gentle manner which allows you to show parts of yourself that others do not get to see. This combination can indicate a secret liaison or relationship.

#### **Her Mars is in your 6th House**

She may enthusiastically embrace the type of work you do and even help you with it in some capacity. However, she may have expectations of you that you find hard to meet. If this happens, watch that she doesn't come to think less of you and begin to act against you. Unfortunately, you tend to be in a weakened position and your health could suffer.

#### **Her Jupiter is in your 1st House**

You are lucky to have Frida in your life; she lifts you out of your world and shows you what is possible when you extend yourself and take chances. Rest assured, she has your best interests at heart and won't lead you into situations that you can't handle.

### **Her Saturn is in your 9th House**

When you get down to it, do you and Frida really hold the same outlooks on life? To you, her beliefs are somewhat conservative and perhaps even rigid. She may disapprove of your spiritual or philosophical ideas and, if you're not careful, may go out of her way to ridicule or denigrate them. Travelling together is not without its problems.

### **Her Uranus is in your 6th House**

If you have set ways of doing things or old habits that fit like a well-worn jacket, she has a few ideas about what you can do with them - and you might be shocked. Forget about doing things the way you've always done them because she's intent on snapping you out of your routines. She's come along to show you that there are alternatives in life. She may introduce you to new health and fitness regimes or fad diets!

### **Her Neptune is in your 12th House**

Frida appears sympathetic to your deepest fears and anxieties; you feel that you can confide in her and assume that she will be discreet. You want to let her in on some of your secrets; however it might be a good idea to get to know her a whole lot better before you reveal too much of yourself. Good relationships are built on trust and honesty.

### **Her Pluto is in your 12th House**

You need to be careful in your dealings with Frida; she may not be exactly who she appears to be. There is some danger that she can work behind your back and hurt you in some way. Whatever you do, don't cross her because she can make a powerful enemy.

### **Her Moon's North Node is in your 1st House**

Through her ideas and actions she teaches you how to be yourself and to recognise what's important in life.

### **Her Ascendant is in your 2nd House**

She understands how important financial security is to you. If you are ever in need of his support or assistance she is there for you in person.

### **Her Midheaven is in your 11th House**

You feel a personal connection to Frida. She is someone you call your friend. With your influence, your friends may help her to realise or achieve her personal or professional aspirations.

### **Frida's Sun is Opposition Diego's Mars 4°43' A**

This is a potent planetary combination in any relationship, be it a personal or professional one. Together, you come across as two people who are constantly competing with each other; or jointly against others in the environment. Your personal dynamic with each other is often stressed and tense, with frequent arguments and ego clashes. Individually, you tend to challenge everything the other one wants to do. There is the need to curb your tempers and aggressive attitudes. There may also be issues of control and dominance.

You encourage one another and support each other in your individual ambitions.

### **Frida's Moon is Opposition Diego's Mercury 5°07' A**

This can be a testing combination in a relationship. There are communication difficulties caused by a lack of sensitivity or understanding. The problem lies in the tendency of the more rationally inclined one of you to over-analyse the more emotional one's feelings rather than trying to relate to them instinctively. In turn, the more emotional partner is disinclined to approach issues affecting the relationship calmly and rationally.

### **Frida's Moon is Conjunct Diego's Neptune 3°51' S**

You share a rich inner-life together and communicate with one another psychically. Intuition is a very strong component of your relationship. Yours is a very feisty and high-energy relationship. You ignite each other's fire and the sparks fly between you constantly. Anticipate regular, if not daily, arguments and quarrels. ### **Diego's Mars is Opposition Frida's Jupiter 2°21' A**

You aggravate and anger one another with regular frequency. Anticipate frequent arguments and quarrels. Neither of you likes being told what to do by the other. You both assert and defend your right to do your own thing and to act independently. You can achieve a lot together, but you will scrap over how things are supposed to be done. Physical fights are also possible.

### **Frida's Jupiter is Conjunct Diego's Saturn 0°59' A**

This can have a good balancing effect on your relationship. You have the potential to grow and prosper together in a careful and measured way. Sudden incidents disrupt your family and professional circumstances. These can either be exciting and stimulating or upsetting and destabilising. Expect many changes in your life together.

**Diego's Mars is Opposition Frida's Neptune 5°41' S**

The main challenge you both face from this aspect is how best to channel your combined energies. Positively, you can encourage each other in spiritual or creative pursuits. **Diego's Mars is Opposition Frida's Moon's North Node 5°19' A**
