Introduction

Welcome to your Natal Chart report.

Your Natal Chart report is an astrological chart based on the mathematically precise positions of the planets and the Sun & Moon at the time, date and place of your birth. It provides you with insights into your character and personal life potentials by indicating the strengths you have and the challenges you experience in life.

Your Natal Chart report covers among other things your primary motivation in life, your identity, emotions, mentality, love and sexuality, spirituality, earning ability and career potentialities and so on.

In some parts of the report you will come across apparent contradictions in the descriptions of your character. This is to be expected; people are complex and have many contradictory facets to their personality.

We trust you will find the report insightful and helpful.

The 1st House

The 1st House cusp is, in most cases, the Ascendant or Rising Sign of your chart. It indicates your primary motivation in life and describes you, your self-expression and vitality. It is your physical appearance and the way others see you and interact with you. The house placement of your 1st House ruler shows the areas of life that are of primary importance to you. Also, planets in your 1st House influence how you present yourself to the world.

Ascendant in Cancer

Your primary motivation in life is to feel emotionally secure. You are sensitive and emotional, however, you can also be over-sensitive and easily hurt by people. You are receptive to the needs of others and have a natural desire to care for or protect others. Family and domestic matters are always important to you and your home is your retreat and sanctuary. At times, you are susceptible to changeable moods, irritability and petulance.

Ascendant Square Uranus (0° 06' S)

You are an original personality and delight in your uniqueness and individuality. You insist on having the freedom to do as you wish, even if it unsettles or upsets others. To some people, you are an exciting person to be around; to others you are unconventional and hard for them to understand. You need to take care not to come across as overly eccentric, because you may isolate yourself socially. You are intrinsically restless and will tend to have many changes of environment throughout the course of your life.

Ascendant Sextile Pluto (7° 38' A)

You have the ability to get people to do as you wish, usually through firm persuasion. Other people are attracted to you because you have a magnetic presence. You will win friends and influence people because you respect power and know not to abuse it.

Worse still, you can become emotionally reactive and vengeful if you don't get things your own way. Injuries are possible in high-risk situations or environments.

Pluto Sextile Neptune (3° 49' A)

You have a great amount of imagination and inspiration, which you may effectively channel into creative expressions such as music, theatre, dance, film or painting. You are essentially an idealist who sometimes sees the world through rose-tinted glasses. As a result, you can perceive situations to be quite different from what they are in reality.

Neptune Trine Midheaven (7° 32' S)

You have a somewhat idealistic and spiritual view of the world. You are dreamy and sensitive to the influence of other people, especially those you work and live with. The Qualities describe fundamental modes of activity and the Elements describe temperament. There are three Qualities: Cardinal, Fixed & Mutable and four Elements: Fire, Air, Earth & Water. Your horoscope has varying degrees of each Quality and Element. The percentages you have of each will determine their importance in your life. The higher percentages will be more powerful in your life, the lower percentages will be less powerful.

The Qualities

They are sensitive to the opinions of others, but they can also be impressionable and easily influenced by environmental circumstances. Mutable people lack the stubbornness of the Fixed signs and the forcefulness of the Cardinal signs, which makes them good mediators and go-betweens.
